## Many Visit Washington C. H. Schools During 'Open House' Wednesday Night

MRS. ROBERT LINK presides over the tea table in the basement of the Eastside School where visitors went for refreshments after looking over the school and talking with the teachers. Much of the conversation concerned increasing enrollment. (Record-Herald photo)

THE PHYSICS LABORATORY in W.H.S. takes on added importance in this atomic age. Frank Dudley (center), the teacher, shows some of the intricate apparatus to visitors. (Record-Herald photo)

MRS. RICHARD PARKS (seated right) and her daughter, Miss Shirley, are served tea in the home economics department living room by Miss Ruth Kinney, the head of the department, after they had visited the kitchen and the dining room where they saw the modern equipment. (Record-Herald photo)

MISS CAROLYN LOU BIDWELL (second from left) has returned to Cherry Hill School, where she got her elementary education, as the fourth grade teacher. She shows Stanley Bisdorf (left), Mrs. Bisdorf and Mrs. Jack Elliott some of the pupils' work. (Record-Herald photo)

## Parents and Teachers Talk over Problems as They Inspect Buildings

Between 800 and 1,000 parents and patrons of the Washington C. H. Schools today had a better understanding of school problems and a better conception of what the five elementary and one big high school look like on the inside.

Many among those who took advantage of the opportunity to visit the schools during Wednesday night's "open house" had never been in them before. Even more they had never met the teachers of their children, let alone talked with them.

The "open house" was one of the highlights of the observance of American Education Week in the city schools and plans for it had been carefully laid so everything would move along smoothly. It started at 7 o'clock and continued officially for two hours, but unofficially it lasted longer than that.

The primary purpose, school officials explained, was to make it easy for the parents to see where their children are getting their education and to provide an opportunity for them to talk with the teachers.

Both parents and teachers commented afterward that the "open house" had achieved many beneficial results.

The teachers had a chance, not only to show the parents the classrooms and samples of the work of the pupils, but also to talk over with them any problems concerning their children on a personal basis.

MANY PARENTS SAID, as they were leaving, that they had gotten a much better understanding of the educational program and methods and teaching routines and had welcomed a chance to talk over some of the problems concerning their own children.

The overall reaction to the "open house" and its program was put together from the remarks made to teachers, room mothers and PTA members during the evening.

The evening's program had been planned in detail, by the teachers and administrators in cooperation with PTA committees.

All of the buildings were spick and span in the wake of last-minute inspections by the nine janitors, two maintenance men, three engineers and two cooks. Fred Rost, the school business manager, commented that "they always keep them that way, but they took special pains to see that nothing was amiss for the 'open house'."

Supt. Stephen C. Brown described

ed the "open house" as "very successful." He said the turnout was much larger than last year. In giving the figures he explained that they were not too accurate because many did not register at all and some parents went to two and even three buildings during the evening.

AFTER THE VISITOR registration lists from each school were checked at the superintendent's office Thursday, these figures were given out: Cherry Hill 120, Rose Avenue 60, Eastside 150, Sunnyside 125, Central 152 and the high school 225. They all add up to 830, but those active in the event said they thought 1,000 would be closer to the actual attendance.

Visitors were met at the door of the high school by members of the Future Teachers Club and at the elementary buildings by room mothers and members of the Parent-Teachers Associations.

At the high school the approximately 40 Future Teachers conducted the visitors through the sprawling building and to places in which they had expressed special interest. The science laboratories, the home economics department, the vocational agriculture department and machine shop and industrial arts departments were among the principal centers of interest.

The Future Teachers also took visitors to the class rooms and introduced them to the teachers with whom they talked and got acquainted.

A similar pattern was followed out at the five elementary schools with the room mothers and PTA committee members assisting.

The whole affair ended on a friendly social note in all of the buildings where tea was served while the parents got acquainted and talked about their children.

Ike Turns To Dewey; Treats HST Lightly

AUGUSTA, Ga., Nov. 13 — President-elect Dwight D. Eisenhower reportedly will steer clear of any policy commitments to President Truman when they confer next week.

Eisenhower associates say his role at the conference will be mainly that of a listener, although they emphasized that he agrees with the President that the session will amount to a demonstration of American unity.

The White House announced Wednesday the Eisenhower-Truman meeting has been set for 2 p. m. (EST) Tuesday.

In proposing the meeting last week, the President said it would help achieve an orderly transition from the old administration to the new. He mentioned a need for discussion of world problems.

Eisenhower replied that he shared Truman's hope "that we may present to the world an American unity in basic issues."

OVER THE WEEKEND, the President-elect's headquarters put out a statement which said in effect that any pre-inauguration conferences with Truman administration officials would in no way bind the President-elect as to Republican policy.

Some observers see a definite attempt by Eisenhower to disassociate himself from an administration which, during the campaign, he condemned as a failure in both the international and domestic fields.

It was recalled that Franklin D. Roosevelt followed the same pattern in ignoring his defeated foe, Herbert Hoover.

Eisenhower, meanwhile, is seeking (Please turn to Page Two)

## Parole Aide Still Not Up To Hiss

LEWISBURG, Pa., Nov. 13 — Dr. George G. Killinger, chairman of the U. S. Parole Board, continued interviews with parole applicants at the Northeastern Penitentiary but with little hope of reaching the case of Alger Hiss Thursday.

Killinger said indications were that Hiss' case would not come up before late Friday. Hiss, serving a five-year sentence for perjury, is eligible for parole on Nov. 21, when one-third of his term will be up.

## Wheat Outlook Is Rather Dark

WASHINGTON, Nov. 13 — Government food officials are no longer fretting over a big reserve of wheat being stored under a federal price support program.

An Agriculture Department crop report Wednesday drew a dark picture of next year's winter wheat prospects.

Because of prolonged dry weather, the outlook for this and other fall-sown grains intended for harvest next year was said to be precarious in many areas.

Thus, unless there is a quick turn in weather conditions the reserve being built up from this year's second largest wheat crop in history would be needed to help meet food and other market demands next year.

The department's semi-final report for the 1952 crop season said production is turning out to be the second largest on record, only 2.5 per cent below the top mark set in 1948.

PROSPECTS improved nearly one per cent during October, thanks to unusually favorable harvesting weather.

This year's farm production of crops and livestock products will set a new record because the combined output of meat animals, poultry products, milk and wool is by far the largest in history and big enough to offset the 1948 advantage in crops.

Topping this year's crops is a corn yield of 3.3 billion bushels, also the second largest on record.

This is 10 per cent larger than the average corn crop and nearly 12 per cent larger than last year's crop.

Ohio farms will produce 53 bushels of corn to the acre for a total crop of 189,051,000 bushels in 1952, the department estimated.

The 53-bushel yield compares to a national average of 40.2 bushels an acre, according to the department's semi-annual report.

There have been more expressions of interest and regret heard among Republican voters in Fayette County over the defeat of state Senator Leo Blackburn for Congress in this district, that have been noticed on any other feature of the recent election.

Only expressions of enthusiasm over the victory of Gen. Eisenhower for the presidency have caused as much comment as the congressional contest in this newly reorganized sixth Ohio district in which this county is now included.

Attacking Fox Choked To Death

YOUNGSTOWN, Nov. 13 — Mrs. Frances Osterling grabbed a gray fox and choked it to death Wednesday.

The animal came out of a nearby woods and bit her in the yard of her home.

## Congressional District Race Not Yet Closed

Portsmouth Report Gives Indication Of Possible Recount

Although the official count of the nine counties in the sixth Ohio congressional district, now filed with the Scioto County Board of Elections shows James G. Polk of Highland County, present Democratic congressman, having a lead of 329 votes over state Senator Leo Blackburn, of Scioto County, his Republican opponent, the matter is not as yet closed, according to word from Portsmouth Thursday.

The count as made public showed Polk with a total vote of 67,225 and Blackburn with 66,896. Whether there will be a recount in certain sections of the district, it is reported, will depend upon developments, some further investigation now under way and the result of conferences planned for Thursday and Friday. Any action decided upon may be announced Friday.

The closeness of the political situation in the national House of Representatives as between Republican and Democratic members of Congress, although now showing a slight Republican majority, warrants attention to careful scrutiny of voting in close races on the part of top-level officials in both Republican and Democratic organizations, it is said.

As a result of this attitude it is reported that representatives of the national Republican Congressional Committee will be in conference this week with Blackburn to go over alleged evidence of certain irregularities reported in two or three counties, with a view to determining what procedure to follow.

A call from the Record-Herald to Blackburn Thursday morning brought the information that he is completing a close check on number of questionable precincts in certain counties in the district.

Some of the evidence of alleged fraudulent voting uncovered, it is reported warrants considerable further investigation. Because this is entirely a federal matter the situation necessarily must be handled, if carried further, through federal officials.

The sixth district embraces nine counties: Fayette, Pickaway, Highland, Ross, Pike, Clermont, Brown, Adams and Scioto.

There have been more expressions of interest and regret heard among Republican voters in Fayette County over the defeat of state Senator Leo Blackburn for Congress in this district, that have been noticed on any other feature of the recent election.

Only expressions of enthusiasm over the victory of Gen. Eisenhower for the presidency have caused as much comment as the congressional contest in this newly reorganized sixth Ohio district in which this county is now included.

Attacking Fox Choked To Death

YOUNGSTOWN, Nov. 13 — Mrs. Frances Osterling grabbed a gray fox and choked it to death Wednesday.

The animal came out of a nearby woods and bit her in the yard of her home.

## Proposal for Town Meeting On Finances Made by Council

Faced by an estimated deficit of \$31,854 at the end of this year, city council, at the regular session Wednesday night, adopted a resolution by unanimous vote asking City Manager James F. Parkinson to call a "town meeting" to discuss the problem of additional revenues for operating the city.

No date was fixed, but as soon as it is, it will be announced by the city manager, it was stated.

This will afford all interested citizens an opportunity to take part in the discussion of a question vital to them and the city.

The action was taken due to the necessity of having some source of revenue to meet operating costs which have mounted by many thousands of dollars in the past few years.

left in there without having been cleaned. He complained about the noise coming from the lot.

Parkinson stated that he and Rannels had conferred with City Solicitor William Junk regarding the presence of the cattle.

Solicitor Junk said he in turn had taken the matter up with Attorney Charles S. Hire, executor of the Jensen estate and had been given assurance that the cattle would be kept in a barn out of the residential zoning area.

It was found that part of the field in which the cattle had been kept was in the residential zoning area.

IN THE DISCUSSION about the Coil livestock parking lot and garage, it was stated by Councilman Ralph Taylor that investigation made some time ago disclosed that a permit had been issued to Coil for building a garage but none had been issued for maintaining a livestock truck parking lot there.

The matter was finally referred to City Manager Parkinson and he is to report to council at the next meeting.

Solicitor Junk asked that the mat-

ter be continued for discussion in an executive meeting, which was held immediately after the regular council session.

Louis Baer, East Market Street, suggested that a traffic light be placed at Market and Delaware Streets, and declared the speed of motor vehicles on Market Street is a public menace.

This was referred to City Manager Parkinson and Chief of Police Vaiden Long for investigation and recommendations.

Dr. Samuel D. Sauer asked that something be done to reduce the danger to school children using the alleys between Market and Temple Streets, in the school area. He said there is entirely too much through traffic for safety of the children while they are going and coming from school.

After some discussion this was referred to City Manager Parkinson and Chief Long.

ED MOSER, on the safety committee of the Chamber of Commerce, said he had been asked to present to council the matter of having the school traffic lights on Clinton Avenue at Oakland, Dayton Avenue at Vandeman Street, and Washington Avenue at McElwain Street, operated only during school hours, instead of all of the time.

He said the lights not only interrupted the normal flow of traffic but are inclined to speed it up part of the time in an effort to beat the change of lights.

He asked that the lights be operated from 7 A. M. until 5 P. M. suggested a yellow flasher light might be installed while the traffic lights are off.

Councilman Floyd Tracy favored leaving the lights on all of the time to slow traffic.

Moser also urged a traffic light be installed at the intersection of West Court Street, Clinton, Highland and Leesburg avenues.

After some discussion his request was referred to City Manager Parkinson and Police Chief Long.

## Humphrey Urges Democrats To Invite Morse To Caucus

WASHINGTON, Nov. 13 — Sen. Humphrey (D-Minn.) said Thursday Democratic senators should welcome Sen. Wayne Morse of Oregon into their party caucus if he wants to come.

Morse, turning against President-elect Dwight D. Eisenhower during the presidential campaign quit the Republican Party to support Gov. Adlai E. Stevenson of Illinois, the Democratic nominee, and declared himself an independent.

Whether Republican senators will take reprisals against Morse in the new Senate convening Jan. 3, possibly depriving him of his present choice committee assignments is uncertain. Morse now holds places on the Armed Services and Labor Committees.

Humphrey, a leader of the "New Deal-Fair Deal" wing of the Democratic Party, told a reporter the Democrats should throw open the door to Morse.

On the other hand, Humphrey said that Democratic senators who "turn their backs on the national party ticket also ought to receive

their reward"—in less preferential treatment.

THE MATTER of reprisals against Democrats who "supported the opposition" should be considered in connection with committee assignments, Humphrey said, at the caucus of Democratic senators early next year.

In a separate interview, Sen. Funt (D-Wyo.) said anyone who used the Democratic Party to get nominated and then support the Republicans "doesn't belong in the Democratic caucus."

Neither Hunt nor Humphrey called any names.

Senator-elect Price Daniel of Texas, a Democrat who had Republican endorsement, campaigned openly for Eisenhower.

Sen. Harry F. Byrd, Virginia Democratic leader, stopped short of urging Eisenhower's election but he disavowed the Stevenson-Sparkman ticket.

In Nevada Sen. Pat McCarran, another veteran Democrat, worked for the reelection of Republican Sen. George Malone.

## Envoy Charges Stalin Doesn't Want A Truce

India Said Preparing Plan To Break Knotty Prisoner Deadlock

UNITED NATIONS, N. Y., Nov. 13 — (P)—Nationalist China's foreign minister, George K. C. Yeh, charged here Thursday that "Stalin and his Communist stooges do not really want a truce" in Korea and called on the UN to declare Communism a threat to the world's peace and security.

Making his country's major policy address to the UN's 60-nation General Assembly, Yeh said the Chinese Reds have suffered such huge casualties that the Peiping government does not dare to face its people "empty-handed."

Although it is commonly assumed that only the question of sending home prisoners is holding up a truce, Yeh declared, the fundamental problem is that the Reds do not want a truce unless it will "solidify and strengthen the ranks of world Communism."

Yeh pointed out that some delegations have sought to solve the repatriation problem through transfer of prisoners to the care of neutral countries. But, he said, this might turn out to be only a delayed manner of forcibly sending home those Communist prisoners who have said they don't want to go.

THE COMMUNISTS, Yeh said, could be expected to put "direct and indirect pressure" on the prisoners once they were temporarily in their neutral refuges.

Meanwhile, in New Delhi, India, authoritative sources say that the Indian government is working out a new Korean truce proposal providing for the screening of prisoners by neutral nations and voluntary repatriation of the POWs.

The question of prisoner repatriation is the sole issue holding up the recessed Korean armistice talks at Panmunjom.

Under the new Indian plan, the UN would agree in principle that all prisoners should be sent home in keeping with the Communist interpretation of the spirit of the Geneva Convention.

However Red China and North Korea in turn would agree, under the plan, that no prisoner actually would be sent home unless the screening showed he wanted to go.

The Indian plan envisages Communist admission that prisoners should not be forced to return home against their will and agreement to abide by the screening verdict.

Mother Loses Killer Son, 14

LOS ANGELES, Nov. 13 — (P)—Fourteen-year-old Marion Drews, who shot and killed his sister, Thelma, 12, accidentally last month while watching television, has been taken from his mother's custody.

Judge William B. McKesson Wednesday ordered the boy placed in the care of a sister who lives in another city. The widowed mother, Mrs. Bertha Drews, 38, said she bought the fatal weapon as a protection against prowlers.

## Court of Awards By Girl Scouts

Big Ceremonial  
At Jeffersonville

To become better citizens and to be a help to the community is what the Boy and Girl Scouts all over America are striving to do and the Girl Scout Troop of Jeffersonville showed what part it plays in helping to carry this out at its first Court of Awards held in the Jeffersonville High School auditorium Wednesday night before a large audience.

The Scout Troop, only one year old, is sponsored by the American Legion Auxiliary of Jeffersonville. Wednesday night was a big night for the members and it was highlighted by the receiving of merits and certificates earned in Scout work.

The Brownie Scouts of Jeffersonville, an organization for younger girls, also had a program. Mrs. Harry Walls is the Brownie leader.

**THE PROGRAM** was opened by the assembly and call to colors by Robert Rings.

Advancing of the colors was by Virginia Williams of the Girl Scouts and Natalie Allen of the Brownie Scouts. Martha Jane Walls and Linda Allen, Girl Scouts, and Judy McFarland and Margaret Kelley, Brownie Scouts, presented the Guard of Honor.

The pledge of allegiance to the flag was given by the Scouts and audience along with the singing of the "Star Spangled Banner." Shirley Sharrett played the piano for the singing and Mrs. Max Morrow led the group singing.

Mrs. Walls introduced the troop committee for the Scouts: Mrs. Carroll Ritenour, Mrs. O. L. Wiseman, Mrs. Ansel Creamer, Mrs. Angus Wright, Mrs. Charles Siebert, Mrs. John Sheeley, Miss Margaret Smith and Mrs. Forest Ervin.

The Mistress of Ceremony was Mrs. Ritenour.

**THE BROWNIE SCOUTS**, in their program presented their promise and song followed by the Girl Scout promise, laws, candle-light service and song.

Skill in first aid, which the Girl Scouts had learned in their year, was demonstrated. Mrs. O. L. Wiseman and Mrs. Harold Klever are the first aid instructors.

An open head bandage and sling was demonstrated by Sara Sue Davidson and Mary Ann Creamer; hand and foot bandage by Gayle Morrow and Carolyn Kay Ritenour; sprained ankle and shoulder bandage by Martha Jane Walls and Linda Lou Allen; chest and forearm bandage by Nancy Allen and Frances Smith; head bandage and elbow bandage by Helen and Ruth Sheeley.

The pressure points that control breathing were shown by Mary Marshall, Virginia Williams and Freda Bowermaster. An improvised stretcher was made by Sara Sue Davidson, Mary Ann Creamer, Martha Jane Walls, Linda Lou Allen, Nancy Allen, Virginia Williams and Carolyn Kay Ritenour with Donna Creamer acting as the accident victim.

The films about the history of the Girl and Brownie Scouts that were to be shown did not arrive. It was announced that they would be shown at the Jeffersonville School when they do come.

**ATTORNEY W.W. Hill** of Washington C. H. was the speaker for the evening. Hill gave a short outline on the history of the Girl Scouts and the opportunity Scouts have in making this country a better place to live. He also said that the Scouts help in community affairs to become better citizens in later life.

Next on the program was the part that the Girl Scouts had waited for. They were presented their awards by Miss Margaret Smith, president of the Jeffersonville Legion Auxiliary.

Miss Smith awarded to eight girls their second class badges. The girls were Sara Sue Davidson, Martha Jane Walls, Linda Lou Allen, Mary Ann Creamer, Nancy Allen, Frances Smith, Mary Marshall and Virginia Williams.

First aid badges were presented

to all the girls who received second class badges and to Helen and Ruth Sheeley and Carolyn Lou Ritenour.

Badges were awarded to Martha Jane Walls, Sara Sue Davidson and Mary Ann Creamer for their study of the different kinds of trees.

Four badges were awarded for the study of garden flowers to Martha Jane Walls, Sara Sue Davidson, Mary Ann Creamer and Linda Lou Allen.

A mammal award was presented to Martha Jane Walls.

Clyde Rings, Scoutmaster of Boy Scout Troop 67 of Jeffersonville, presented the awards to his Scouts that hadn't arrived when their court of honor was held earlier in the fall. Rings told of the work that his Scouts were doing and that he had 19 active members.

Mrs. Richard Wells of Washington C. H. was present with her Girl Scout Troop and was introduced. Mrs. Wells said she was impressed with the program and that she hopes to have something similar for the Troop, just organized, in the future.

The meeting came to an end with the Scouts and audience singing "America" and giving a prayer in unison.

## Mainly About People

Mrs. Delbert Bush and infant son, were released from Memorial Hospital to their home, Route 1, New Holland, Wednesday afternoon.

Mrs. Millard Houseman, Jr., and infant daughter, were released from Memorial Hospital Wednesday afternoon, to their home in Bloomingburg.

Donald Woods, infant son of Mr. and Mrs. Delbert Woods of Mt. Sterling, was admitted to Memorial Hospital, Wednesday evening, for medical treatment.

Mrs. William Strietzenberger was released from Memorial Hospital, Thursday afternoon and taken to her home, 1226 East Paint Street, in the Parrett ambulance.

Mrs. Jasper Cox was returned Wednesday from Mt. Carmel Hospital, Columbus, to her home, 804 Dayton Avenue. She is reported as much improved following surgery.

Miss Minnie Breakfield was taken from her home, 703 Yeoman Thursday morning in the Hook and Son ambulance. Miss Breakfield suffered a fractured left hip in a fall at her home earlier in the morning.

Howard Annon, member of the city street crew, who was injured when a traffic light pole fell, while he was replacing a bulb in a traffic light at East and North Streets ten days ago, was able to resume his duties on Thursday.

## Marion Council Holds Meeting

An interesting session was held by the Marion Township Farm Bureau Council at Marion School building Tuesday night.

The general theme of the meeting was "Farmers United Win."

Much time was spent in discussing the value of the Farm Bureau to the farmer, and the bureau's legislative program.

The advisory councils and youth councils also were discussed, as well as how to obtain a better understanding between city and county residents.

One topic which created much interest was whether the farm could supply enough food for the increasing population in view of the decreasing farm population.

Plans for the annual turkey supper Dec. 9 were formulated.

## Former Resident Dies In Florida

A. B. Crawford, 72, former plant chief of the Ohio Bell Telephone Co. here, died at his home in St. Petersburg, Fla., Wednesday at 2 P. M.

Mr. and Mrs. Crawford had resided in St. Petersburg for several years, following Mr. Crawford's retirement here seven years ago.

Surviving are his widow, Mr. Pearl Rowe Crawford, and a stepdaughter, Mrs. Bernard Orr, the latter of Fayette County.

Mr. and Mrs. Orr left by plane Wednesday night for St. Petersburg to join Mrs. Crawford and accompany the body back by train.

Interment will be in the Sabina Cemetery, the time to be announced later.

## Ike Turns To Dewey

(Continued from Page One)  
ing a cross section of Republican leaders' views on the Korean war situation in advance of his trip to the war zone.

THAT IS ONE of the major purposes of a series of conferences the general will hold, starting with a session at his vacation retreat here Friday with Gov. Thomas E. Dewey of New York.

Aides said the President-elect wants to talk over the Korean problem with Dewey, and possibly some Congress members, before he confers with Truman. Dewey, who visited the Korean battlefield in 1951, has been mentioned as a candidate for Secretary of State.

## Blessed Events

Mr. and Mrs. Victor Hargrave of Sabina, are the parents of a seven pound, twelve ounce son, born in Memorial Hospital Thursday at 9 A. M.

A son, weighing seven pounds, fifteen ounces, was born in Memorial Hospital, Wednesday at 11:14 A. M., to Mr. and Mrs. Robert Williams, Route 5.

Mr. and Mrs. Alfred Cornell, 728 East Paint Street, are the parents of a daughter weighing seven pounds, thirteen ounces, born Thursday at 9:47 A. M., in Memorial Hospital.

## Masons Here Attend Columbus Meetings

This is big week for members of the Masonic lodge in Washington C. H. and Fayette County for two reasons: the Scottish Rite reunion and a Knights Templar advancement meeting, both of which are in Columbus.

Belford F. Carpenter attended the Scottish Rite reunion Wednesday, the opening day of the three-day event which marks the 75th anniversary of the order in Columbus. He plans to return for the Friday session, when Rev. Donald Trippett, Methodist bishop of the California district and a member of the Columbus Consistory, will give the principal address. He said 50 to 75 Scottish Rite Masons from here usually attend the more important functions of the Consistory and that he thought there would be about the same number at this one.

Members of Garfield Commandery of Washington C. H., are expected to go to the meeting of the Council for Templar Advancement of the Grand Commandery Friday. Nine commanders in this part of Ohio are to take part in the meeting.

## Iran Oil Problem To Be Studied by Ike

WASHINGTON, Nov. 13 — (AP)—State Department officials are expected to confer with President-elect Eisenhower or his representatives next week on a new formula for solving the Iranian problem.

It is understood also that the new approach is a subject for discussion between Secretary of State Dean Acheson and British

## Grain Markets

**GRAIN FUTURES**  
CHICAGO, Nov. 13 — (AP)—Wheat eased at the opening on the Board of Trade Thursday. Quite a bit of selling was brought out by Wednesday's sharp advance. Dry weather continued in the southwest. Wheat started 1/4-1/2 cent lower, December \$2.39-2.38 1/4; corn was 1/4-5/8 higher, December \$1.66 1/2-5/8, and oats were 3/4 lower to 1/4 higher, December 87 1/2. Soybeans were 1/2-1 1/4 cents higher, November \$2.99 1/4.

## Eisenhower To Face Many Growing Problems

One Washington C. H. business man was heard to remark after the recent election, "I'm surely glad that I am not in Gen. Eisenhower's shoes."

Probably that is the attitude that most people take. They recognize that the incoming president will have a terrific burden in trying to meet and handle many situations which need attention after 20 years of administrations which have flourished by wasteful spending, growing indebtedness and small regard for deficits in public funds.

More than domestic problems affecting only this country are to be faced by the new administration.

Many of these during recent past years have not been settled but have been put off by liberal financial "handouts" from the money provided by taxpayers in this country.

Political campaigning is conducive to a warped perspective as to national problems and a clearer picture often is formed in the days following an election, especially when there has been a landslide.

Now that the returns have been analyzed, the domestic problems that voters found intolerable await solution by the next administration. The foreign situation that is responsible for many of the nation's woes is worsening day by day.

The French are dismayed by U. S. sympathy in the United Nations for a more liberal policy toward France's African colonies. Premier Pinay is glum and anti-American sentiment is reported to be growing. The French parliament may refuse to ratify the European army plan designed to recruit Germans.

Opposition of the Germans is reported to be lessening as that of the French mounts, but France still remains the key-

stone to any European land army. West Germany is growing more prosperous.

The British are more than ever in the grip of austerity. The Conservative Party has lost popularity, and the word from London is that a big American "loan" would be regarded with extreme favor in official London circles.

The Japanese are becoming restive because markets are lacking to sustain the economy. There is a potential menace in the Japanese situation which will require the best brains of the new administration if a solution is to be achieved.

Income administrations have inherited gigantic problems in the past and sometimes have solved them or watched them disappear. But the years ahead will not be a picnic for the Eisenhower administration.

### Taxes—Your Money

"Easy Come, Easy Go" may be the slogan of most tax-payers. It certainly is not the attitude of tax-payers. In recent years, the price of government has been almost ignored in the preoccupation of the candidates with other issues.

Yet the startling fact is there for all who read to see. In the period since 1939 the price level has risen by an overall total of 86 percent; weekly earnings of workers stimulated by the war eras of World War II and the Korean "Police Action" have mounted by 172 percent. BUT FEDERAL TAXES, BELIEVE IT OR NOT, HAVE GONE UP 843 PERCENT IN THE SAME PERIOD.

Let's not deceive ourselves. Men in government who know—not those who speculate—say without hesitancy that the price of government could be cut by 10 billion dollars without affecting the nature of quality of those services.

## Tips Given on Foreign Travel

By Hal Boyle

LISBON, Portugal—The trouble with foreign travel is that just as you begin to learn something about it you have to start home.

I was thinking about this while standing at the airport here, going through the ritual of clearing customs for the homeward trek. I reached in my topcoat pocket and felt something wet. I pulled it out; it was a bright red washcloth.

"I didn't know where else to put it," explained my wife, Frances. "And I just hated to throw it away."

This experience convinced me that people need a few travel tips, even the best of wives.

I set down here what I have learned:

1. Baggage. No matter how often an airline says a passenger is limited to 66 pounds of baggage it never will convince a wife that it's not fooling. For those last minute extras a wife can find no other place for, a wise husband will always carry a spare paper sack in his pocket—and it will always end up full.

The wise husband will also remain aloof in any argument between his wife and an airline official over the question of excess weight. After all, how does he know his wife is wrong? Maybe the airline scale is broken or inaccurate. Anyway, does he have to go on living with the airline or his wife?

2. Soap and cigarettes. In Europe today it is no longer possible to trade a bar of soap, a piece of chocolate or a package of cigarettes for a genuine \$5,000 diamond ring. Take along a few extra bars of soap. Many first class hotels expect you to supply your own. Take along a few extra packs of cigarettes as gifts, but don't expect them to overwhelm everybody. There actually are many Europeans who prefer other than American brands.

3. Black market. The average American tourist feels life has cheated him unless he makes a black market deal during his trip abroad. It's very simple to make one of those deals. Just go to the nearest travel agency. Before you can get through the door a shady character will slide up to you and (a) offer to change your money at a profit, (b) offer to sell you a \$15 American fountain pen for \$5 and (c) let you have a rare old family cameo brooch.

By the time you get through the door into the travel agency you will find (a) some of the bills he has given you are counterfeit, (b) the fountain pen doesn't work (c) the cameo is a fraud, and (d) the shady character has vanished.

By and large you can get no more than a 10 per cent edge in black market money dealing in Europe, and your money has a cleaner feeling if you just change it at your hotel or bank.

4. Tips. In Europe every bill you get includes a service charge which is supposed to pay the wage of those who serve you. But this satisfies nobody. All who serve you in any way expect an additional small remembrance.

Don't make yourself miserable or ruin your trip worrying about how much you should give or whom you should tip. A simple rule is to tip everybody to whom you have not been formally introduced, but only give them half what you would in America.

Another and even more inexpensive way is simply to open your billfold and hold it out as you pass. Servants' consciences will prevent them from taking as much through avarice as you would give them through ignorance.

5. Customs. Some people are bold enough to clap a piece of rye bread on each end of a live elephant and try to smuggle it through customs as a sandwich.

They take pride in trying to beat the customs man. Many travelers complain bitterly about the long suffering government agents. But I have always found them willing to share a live and let live policy. The wisest traveler I ever knew said this is the way to deal with customs:

"Tell them firmly, I have nothing to declare—absolutely nothing. And no matter what they say, just stick to your story. When they get tired of listening to you they will let you pass."

during the campaign.

It is this policy which requires immediate revision, accompanied by a decision to wrest the initiative from Soviet Russia. It will take a Talleyrand or a Disraeli to accomplish this; yet, less than that can be fatal.

Copyright 1951 King Features Syndicate Inc.)

### Quick Action Due

WASHINGTON, Nov. 13 — Sen. Capehart (R-Ind.) said Wednesday he will seek a swift decision by Congress next year on the fate of wage and price controls. He is slated to head the Senate Banking Committee which handles controls legislation.

IN THE PROBATE COURT OF FAYETTE COUNTY, OHIO  
Mae Hathcock, as administratrix of the estate of Emma Stafford, deceased  
vs.  
Horace Martin, et al., Defendants  
NO. 4118

LEGAL NOTICE  
Horace Martin, who resides at 1420 Linden Heights Road, at Charleston, in the State of West Virginia; Alice Rankin, who resides at 2909 Boulevard Place, at Indianapolis, in the State of Indiana; and Georgia Rankin Means, who resides at 2307 1/2 St. John Street, at Flint, in the State of Michigan, will take notice that on the 21st day of Oct. 1952, the plaintiff, Mae Hathcock, filed her petition against them in said Court, praying for the sale of certain real estate in said petition described to wit: Situated in the County of Fayette, State of Ohio, and in the Village of Bloomingburg, to wit: Beginning at a stake at the East side of the Bloomingburg and Washington Pike, known as Lincoln Street and N. W. corner to A. P. Williams lot and running with the Williams line N. 37 deg. E. 11 poles to Williams corner in the line of William Noble, thence with the Noble's line N. 33 deg. W. 5 poles to the corner of Gellers lot, thence with the Gellers line S. 37 deg. W. 11 poles to the east side of aforesaid pike on Lincoln Street, thence with the east side of said Street S. 33 deg. E. 5 poles to the beginning, containing 35 poles and being part of Survey No. 3701 in the name of George Mathews.

The prayer of said petition is for the sale of real estate to pay the debts of Emma Stafford, deceased, and for other equitable relief. Said defendants are required to answer said petition on or before the 12th day of January, 1953, or judgment will be taken against them.

The United States is spending \$36,000,000,000 on war this year; all of Western Europe, including Great Britain, is to spend \$12,000,000,000. In addition, the United States is presenting to the Western European countries \$6,000,000,000.

The figures, in no way, represent all the costs of the preparation for war. In those figures have to go inflation of prices and the economic dislocation of every country in the western world, which becomes a Soviet weapon of war. The greater the dislocation, the sooner what the Russians call the "crisis" will hit the western countries, particularly the United States.

The United States thinks of war and peace in terms of conventional arms, conventional diplomatic relations and conventional treaties. Soviet Russia only employs the conventional when it is useful; it invents new means of achieving an objective, no matter how abhorrent to the rest

## War Remains the Major Issue

By George Sokolsky

of the world, when such devices serve its purposes.

Thus the "crisis" is a device of war. It is a means of achieving the destruction of a people's will to resist without the enemy firing a shot in a war. In Soviet theory, the "crisis" can achieve this end at no cost to Russia, the objective enemy even paying for his own destruction. Such a diabolical idea is altogether feasible.

The British are at this moment going through a "crisis," the result of which could be that the successor to Winston Churchill may be Aneurin Bevan, a Marxist whose position is, at present, more Titoist than Stalinist; that is, he would accept much of the Soviet system but without sacrificing nationalism, and at a slower pace. The distinction is less important than it sounds.

I believe it was Professor Karl Wittfogel who once put it, "If it walks like a duck, quacks like a duck, it is a duck."

The "crisis" used to be a simple depression in the economy of a nation; now it is a device to bleed a country white by forcing it into the state of permanent war—by forcing upon it the cost of maintaining a state of war in a period of actual peace.

For instance, the United States regards itself at peace now; yet it has about 3,500,000 men under arms; it is actually fighting a war in Korea; it is involved in warlike efforts in Europe, Africa and Asia. Its budget is based upon a wartime military expenditure and the taxes of the people are on that basis too.

The Marshall plan was designed to gain allies for the United States in this permanent war by a form of "international bribery." The Marshall plan failed because neither the United

States nor our allies grasped what is now beyond doubt true that Soviet Russia viewed the Marshall plan as an essential aid to Russia for the following reasons:

1. The cost of the Marshall plan would weigh heavily upon the American economy and therefore would bring on the "crisis" in due course.

2. The stimulation of Western Europe industry would revive a strong desire for normal east-west trade in Europe, and would therefore give to Soviet Russia and her satellites access to American goods which otherwise could not be available.

3. The western powers, as they prospered, would tend to revive ancient jealousies among them, particularly if Great Britain sought to restore a political and economic hegemony over Europe; 4. Ultimately the European powers would turn against the United States, as a result of European prosperity, because the United States cannot absorb the productivity of cheap European labor without increasing unemployment in the United States;

5. Thus far, since 1930, the United States has found no formula for its unemployment problem except war and the preparation of war; therefore, the "crisis" must come to the United States because war is actually more costly and debilitating than unemployment, although not as popular.

This has been Russian guiding reasoning for many years. The United States has not developed a counter-policy, but has met immediate challenges by spontaneous reactions. This, the Marshall-Acheson method, is now generally accepted as bankrupt and was not defended in any important manner by the Democrats

## Diet and Health

### Cross-Transfusion Of Blood Developed

By HERMAN N. BUNDESEN

In one of the most dramatic methods of blood transfusion, the donor's organs can take over and carry out necessary processes temporarily, if the patient's organs are badly damaged. This method, known as cross transfusion, has been developed only recently.

People living today have seen life-saving advances in the art of transfusing blood and transplanting various tissues from one person to another.

We all know that blood can easily be transfused directly from person to person. However, before transfusing any blood, we must determine whether it is the same type as that of the patient receiving it.

### Many Blood Banks

We can also keep blood in a refrigerator and transfer it to a patient at a later date. There is a blood "bank" in nearly every community in the country, and most hospitals keep a supply of blood on hand.

We are also starting to have bone banks in which bone is refrigerated and stored. This bone can be used as transplants in certain types of orthopedic surgery and in reconstructing badly mangled limbs.

For a long time doctors have been trying to transfer whole organs, such as a kidney or heart, from one person to another. Practically all these attempts fail, because the transferred organ fails to stay alive in the second person.

By cross transfusion without actually transplanting the organs, the donor's organs for the time being can carry on for the damaged organs in the patient's body. With this method, a special instrument, acting like a pump, continuously exchanges the blood of the donor and the sick person.

In this way the organs of the healthy person can take over the work of the patient's injured organs when they are unable to filter or condition the blood properly. Most healthy organs normally function at only a small percentage of their full capacity. As many as ten quarts of blood an hour can be exchanged between patient and donor.

While the cross transfusion is going on, the donor feels little ill effect because the healthy organs are strong enough to stand a great deal of extra strain.

Exchange transfusion is being used especially in uremia, or kidney poisoning, in which the normal function of the kidneys has been totally destroyed. Waste products can then pile up in the blood, and eventually cause death.

It is also especially helpful in mercury poisoning of the kidney, and is being used in toxemia of pregnancy and high blood pressure as well.

Only the future will tell whether cross transfusion is a new life-saving method for people with badly damaged organs.

### QUESTIONS AND ANSWERS

A.M.X.: Should a baby just home from the hospital have his crib mattress raised at the head or should it be level?

Answer: Usually, the baby's bed should be level. However, when the baby has a slight cold, it is sometimes advantageous to lower the head portion of the bed in order that the infected secretions can drain out of the nose and throat more easily.

## Cecilians Enjoy Program On Famous Waltzes

Mrs. Edmond Woodmansee extended the hospitality of her home, beautifully decorated with fall flowers, Wednesday evening for the regular meeting of Cecilians.

Mrs. Otis B. Core, president, conducted a brief business session, during which a contribution to musical therapy departments in veterans hospitals throughout the state was made.

The program on "Famous Waltzes" was in charge of Miss Margaret Gibson and was as follows:

"Merry Widow" by the string ensemble, Mrs. Otis B. Core, Mrs. Charles Sheridan, Mrs. Doris Duff.

## Calendar

Marilee Garden Club meets with Mrs. Wash Lough. 2 P. M.

WEDNESDAY, NOV. 19  
Maple Grove WSCS meets with Mrs. Dean Britton. 2 P. M.

fendal and Mrs. Robert Parrett.

A vocal solo, "Spring's Awakening," by Mrs. Edward Cobb, with Mrs. Stanley Paxson accompanying.

Piano solos, "Valse in A-Flat Major" and "Valse in C-Sharp Major," by Miss Hazel Engle; "Valse Trieste" by the string ensemble; a vocal solo, "The Song of Love" by Mrs. Ira Barchet.

A piano duet, "The Blue Danube" by Mrs. Marian Gage and Mrs. Andrew Loudner, Jr., and two numbers, "Invitation for a Holiday," arranged from "Valse Bluettes," and "The Waltz of the Flowers," by a vocal trio, made up of Mrs. Ira Barchet, Miss Clarabelle Robinson and Mrs. Mary C. Gillespie.

Each number on the program was roundly applauded by a most appreciative audience and later a social hour was enjoyed during which the hostess committee, Mrs. Maurice Hopkins, chairman, Mrs. John Forsythe, Miss Jean Everhart and Mrs. Woodmansee served a dainty refreshment course.

## Class Members Elect Officers At Meeting

The regular meeting of the Queen Esther Class of First Christian Church was held at the home of Mrs. Elza Sanderson with twenty-three members and two guests present.

The business session was presided over by Mrs. Leo Cox, president, and devotions were led by Mrs. Harry Miller.

Officers elected were President, Mrs. Leo Cox; Vice President, Mrs. Harry Flint; Secretary, Mrs. E. A. Jones; Assistant Secretary, Mrs. Sam Van Pelt; Treasurer and Flower Committee, Mrs. Ursa Thornhill and Press Reporter, Mrs. Elza Sanderson.

Following the business session several contests were enjoyed and refreshments were served by Mrs. Sanderson and her assisting hostesses, Mrs. Ona Miller, Mrs. Maggie Masters, Mrs. Mary Sanderson and Mrs. Eva Warner.

The next meeting will be combined with the Christmas party, December 9 in the church basement with Mrs. Gertrude Reser as hostess.

## Wedding Date Is Announced

The open church wedding of Miss Joan Gault and Corporal Raymond Wyatt will be an event of Sunday, November 16 at 1:30 P. M. in the Sugar Creek Baptist Church.

## Engagement Is Announced

Miss Ruth Alice Sexton

Mr. and Mrs. Robert Clayton Sexton of this city announce the engagement of their daughter Ruth Alice to Mr. Joe Edwin Overly son of Mr. and Mrs. Clifford Overly of near Clarksburg.

Miss Sexton, is a graduate of Washington C. H. High School, in the class of 1952 and is now employed at Armo Drainage and Metal Products here.

Mr. Overly a graduate of Clarksburg High School is associated with his father in farming. No definite date has been set for the wedding.

## Nancy Jo Newton Is Honored At Birthday Party

Mr. and Mrs. Wayne Newton entertained a group of children Wednesday evening and the occasion celebrated the twelfth birthday anniversary of their daughter, Nancy Jo.

Following a merry round of games prizes were awarded and Nancy Jo opened her many lovely gifts.

Refreshments of ice cream and birthday cake were served the guests by Mrs. Newton, assisted by Mrs. George Bainter and Mrs. Ivan Newton.

Guests included were: Charles, Sandra, Bill and Anita Newton, Bobby Dean Dawes, Jackie Crabtree, Billy Lynn Gardner, Kay and Sandra Bainter, Marcella Duncan, Mary Lou Greer, Roy, Dick and Cloyce Thornton, Barbara Evans, Donna Mitchem and Johnny Wayne Newton.

## Marion-Union Demonstration Group Meets

The Marion-Union Home Demonstration group met Wednesday afternoon at the home of Mrs. Roscoe Duff with Mrs. Charles Duff as the assisting hostess, with eleven members and one guest, Mrs. Paul Pope, present.

The meeting was presided over by Mrs. D. O. Cherryholmes, the leader, who read the poem, "This Is The Way We Wash Our Clothes."

The usual reports were heard and approved and the project work ed on was huck weaving. Mrs. Martin O'Cull reported on the nutrition held recently at the Farm Bureau Auditorium and later a social hour was enjoyed, during which the hostess served light refreshments.

## Beta Sigma Phi Sorority Fetes Sister Chapters

Members of Beta Sigma Phi Sorority entertained members of sister chapters from Xenia and Wilmington at a delightful evening Wednesday which was in the form of a festival at the Fayette Grange Hall with about forty members and guests present.

Decorations were patriotic colors with balloons adding to the colorful theme.

A round of games were enjoyed at booths which carried out the festival theme and to climax the unusual entertainment, Mrs. Raymond Stevens was the teller of fortunes.

Later refreshments were served by the social committee, Mrs. Ray Jennings, chairman, Mrs. Charles Piersick and Mrs. Guy Briggs who planned and carried out the arrangements for the party.

A PATRIOTIC THEME WAS CHOSEN to depict "Their Country," the topic for Thursday's observance of American Education Week in the Washington C. H. schools. And, the first grade at Central School was chosen to present the scene. In it (above) the pupils are taught early in their lives a respect and love for their country and its flag. Holding the flag are Ronnie Gault and Gary Martindale. The teacher is Mrs. Naomi Helm. A scene is being enacted by one of the elementary schools and the high school for each of the six days' topics. (Record-Herald Photo)

## Meeting To Start CROP Program To Be Held Here Saturday Night

An attempt to get the Christian Rural Overseas Program (CROP) rolling in Fayette County with something like the momentum it has attained in most other Ohio counties of comparable size and makeup, is to be made at a meeting Saturday at 7:30 P. M. in the Abraham Lincoln room of the Washington Hotel.

At the meeting will be the ministers of the county, the county committee by the Ohio CROP director last August and a group of men and women interested in the program of helping the hungry and distressed peoples in war-ravaged Europe and the Far East.

Svend Peterson, the Ohio CROP director is to come here for this meeting to explain the purposes of the program and how it has been, and still is being, carried on. He is also to show the need overseas for help from America and is to show motion pictures taken by the national CROP director on a trip through Europe and the Middle East.

THE MOVEMENT here is being headed up by Rev. Sanford Lindsey, pastor of St. Andrew's Church, chairman; Miss Ann Story, secretary; Arch O. Riber, president of the Washington Savings Bank, treasurer; Ralph Nisley, past Grange deputy, the commodity chairman and Mrs. Roy E. Wipert, publicity chairman.

The goal for Fayette County has been tentatively set at \$1,000 in grain or cash. This is about one-third the size of the goal of most of the other counties of comparable size. For example these goals were cited: Darke, Auglaize, Montgomery and Wyandott, two carloads of corn each, with a value of approximately \$6,000; Greene and Clark Counties, one carload, valued at \$3,000.

The campaign has already been completed in some counties—Highland, Hocking and Coshocton, among them.

How are contributions of grain or cash made to CROP? That is one of the questions that is to be answered at Saturday night's meeting. The meeting is open to anyone interested.

ONE THING SEEMS certain in advance of this meeting; that a date will be designated as CROP Sunday. This is the time the ministers are being counted on to tell

their congregations about the program which is sponsored by Church World Service, representing 29 major Protestant religious denominations.

Prominent individuals in Ohio and throughout the country—for

CROP is a nationwide campaign—are lending their support to CROP Gov. Frank J. Lausche of Ohio is the honorary chairman and Carl R. Hutchinson of the Ohio Farm Bureau, is the state treasurer. Others are Rev. Clyde N. Rogers, di-

rector of Town & Country Department of the Ohio Council of Churches and Byron Frederick, the master of the Ohio State Grange.

UNDERSCORING THE urgency of the need were some reports made to the national CROP headquarters. One, from Dan Clinton, county agent from Texas, who recently went to Korea with a load of CROP pigs said: "There are 8,000,000 homeless children in south Korea, most of whom have lost their parents. A fourth of them have tuberculosis."

Another, which came from east Germany, said: "There are 20,000 aged and sick, 23,000 pastors and church workers, 30,000 children and 2,000 students in dire need of help."

"The bright spot in Germany is the help the west German churches are giving themselves by matching CROP contributions on a 3 to 1 ratio," another report said.

Last year Fayette County was a part of the CROP campaign, but contributed less than half of the goal set then, the same as the one for this year.

"IT'S SO EASY TO PLACE A WANT AD."

Exquisite accessories to give your

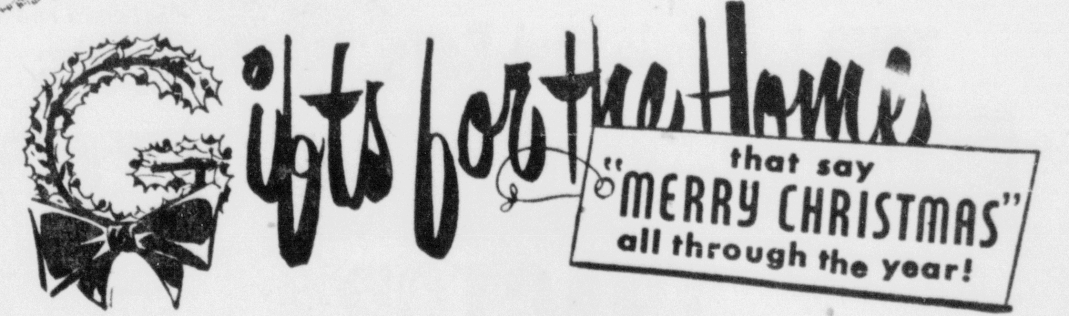

table that distinctive touch for

the holidays and throughout the year.

Beautiful Heirloom Quality  
**LACE TABLECLOTHS**

**3.95 to 18.95**

Skillfully reproduced from famous old lace patterns—these fine cotton tablecloths in a large variety of sizes and styles...

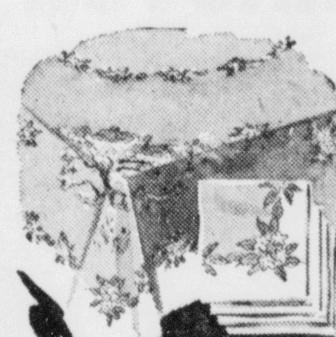

**Dinnerware**

Here you'll find a big variety of imported and domestic ware, in open stock and 16, 20, 32, 35, 54 and 93 piece sets, in featured patterns by famous makers.

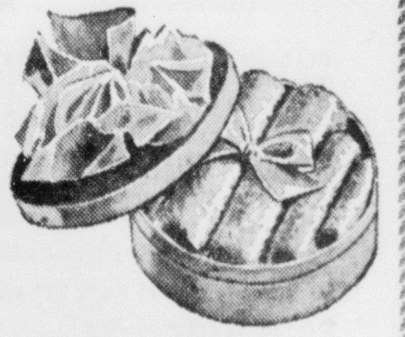

**Glassware**

In this big selection you'll find the best selling patterns from Fostoria, Imperial, Lotus, Viking and Westmoreland. Also many novelties—and you can buy one piece or make up your own sets.

**Gift Linens**

This big section is replete with hundreds of gift items, separate pieces or in sets, the quality of gifts that you'll love to give.

**Boxed Towels**

A big variety of quality towels already boxed for gift giving. Don't wait 'til the last minute to make your choice—but do your gift buying when selections are best.

**IT WON'T BE LONG NOW!**

The winter gift season is fast approaching and WE ARE READY NOW! Here you will find one of the outstanding gift sections to be found in any town of our size—in fact many towns of 50,000 have nothing to compare with ours. Come in and browse around and you'll see for yourself.

# New DuPont Plant To Be in Circleville

Construction To Be Started Next Spring

CIRCLEVILLE, Nov. 13—The DuPont Company has just announced it will start construction next spring on a new \$10 million plant here for production of Mylar polyester film. The plant, which will be operated by the company's film department, is expected to go into production early in 1955.

It is anticipated that about 600 construction workers will be employed on the project when construction activity reaches its peak. The plant will employ about 250 persons when production reaches capacity. Except for specially trained supervisory and technical personnel, all employees (mostly men) will be hired locally.

Mylar, an entirely new film with unusual strength, heat resistance and insulating qualities, was developed by Du Pont during a \$5 million research program. In its transparent form, Mylar looks like cellophane. It is in no sense a substitute for cellophane, however, but an entirely new product with distinct properties which appear to make it suitable for a series of new industrial uses.

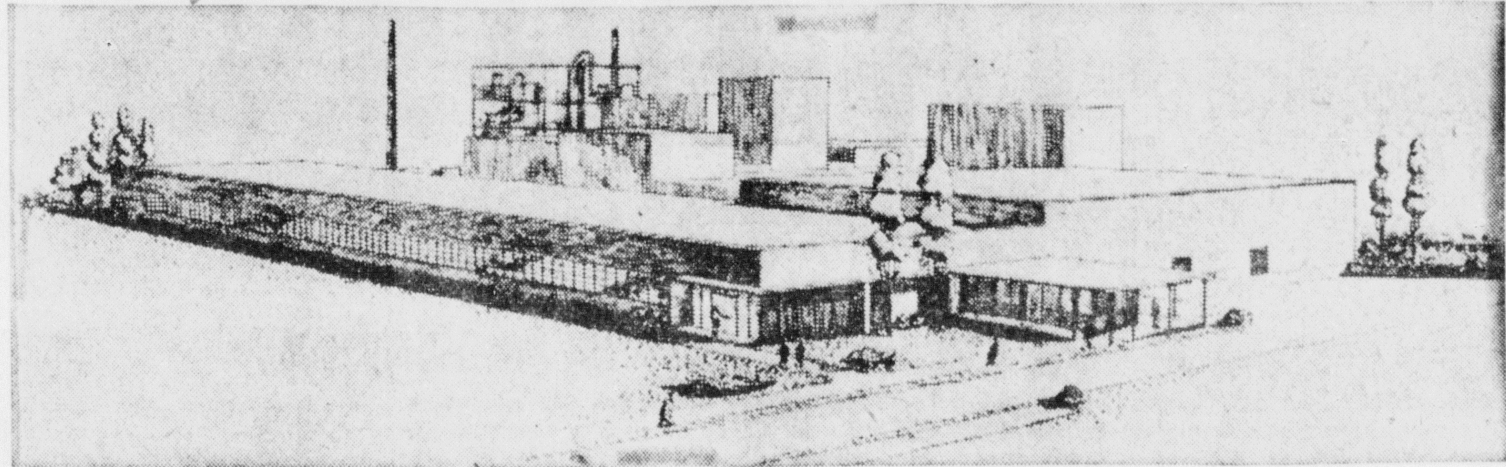

Because it has great strength and excellent electrical properties, which remain relatively constant over a wide range of temperatures and humidities, its most promising immediate field appears to be electrical insulation, in such applications as motors, condensers, cables, coils and transformers.

Also, it should widen the uses of tapes for carton-strapping, reinforcement and other industrial applications, and is promising as a base for long-lasting magnetic sound-recording tape. It is expected to be laminated with other materials and may be metallized by depositing a microscopically thin layer of aluminum or other metal on it.

The plant will be built on a 435-acre site purchased by Du Pont this year approximately two miles south of Circleville. Du Pont chose the Circleville site from nearly 100 locations originally considered and from nine of these selected for detailed study.

## BOND ISSUE SAFE

PORTSMOUTH—A \$400,000 bond issue for an airport, which was approved by voters Nov. 4, will stand, regardless of technical errors in the wording on the ballot, Prosecutor William H. Harsha has ruled.

## UN Studying South Africa Race Dispute

UNITED NATIONS, N. Y., Nov. 13—The United Nations turned its spotlight Wednesday from Korea to the explosive question of South Africa's treatment of non-whites, an issue heightened by new violence this week in that member of the British Commonwealth.

As general policy statements continued before a plenary session of the General Assembly, the 60-nation special political committee took up Asian-Arab charges that South African Premier Daniel F. Malan's white supremacy program threatens world peace.

But though debate turned to South Africa, chief UN interest remained on two major problems: the Korean deadlock and the sudden resignation of Secretary General Trygve Lie.

In the Korean debate, the Russians were faced with a new Western request for agreement that prisoners of war not be forced to return to their homelands. The

## Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folk suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

West's new plan was put forth by British Foreign Secretary Anthony Eden, who submitted a four-point peace proposal concluding: "After armistice, a prisoner of war may not be either forcibly detained or forcibly repatriated."

There was no immediate Russian comment on Eden's speech. Nor was there any indication that the Russians and the West might get together on a successor to Lie. They failed to agree on his reappointment in 1950.

**FIREBUGS HELD**  
SPRINGFIELD — Three persons have been arrested for starting fires on farms in Clark County recently.

## Casualty Total Reaches 125,887

WASHINGTON, Nov. 13—The Defense Department Wednesday reported 1,318 Korean battle casualties in a week's fighting, largest weekly increase in a year.

This brought to 125,887 the total of killed, wounded and missing in action since the war began.

## CIO Meet Date, Place Changed

PITTSBURGH, Nov. 13—The vice presidents of the CIO Wednesday recommended a postponement

## Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey, pasty taste or feeling. Get FASTEETH today at any drug store. Adv

## Bowl Pickings Getting Slim As Deadline Nears

Big Seven Conference  
Rules Out Activity  
By Any Of Members

NEW YORK, Nov. 13 — (P)—The football bowl pickings are getting slimmer and slimmer as the deadline nears for the selection of the representatives in the post-season gridiron classics.

Another conference bowed out of the picture officially Wednesday when the faculty committee of the Big Seven ruled to abide by the circuit's present rule which prohibits any post-season competition.

That action put a quietus on reports that Oklahoma and possibly some other members of the conference would seek permission to play on New Year's Day. Once-beaten Oklahoma had been mentioned as a possible participant in the Sugar, Cotton and Orange Bowls.

As the situation now stands only the Rose Bowl is definitely set with the Pacific Coast Conference winner, probably Southern California or UCLA, opposing the Big 10 champion.

THE COTTON BOWL is sure of the Southwest Conference titleholder as the host team. Right now Texas is in line for that honor. Georgia Tech, powerhouse of the Southeastern League has accepted an invitation to play in the Sugar Bowl.

If Florida gets past Tennessee Saturday, then the Gators can look for an Orange Bowl bid. They have lost to Vanderbilt and Georgia Tech but only by a combined margin of 10 points. The Vols of Tennessee, with a 6-1 record, also have eyes on one of the major bowls.

Mississippi, another member of the Southeastern Conference, likewise is looking toward but the Rebels have a Saturday engagement with powerful Maryland.

The Terrapins themselves would like very much to travel to the sunny climes on Jan. 1 but they are on probation for playing in the Sugar Bowl last New Year's Day and are not likely to risk additional punishment by the Southern Conference.

Even the pickings among the independents are not plentiful. Without attempting to list them in order of possible preference the leading eligibles include Pittsburgh, Syracuse and Holy Cross and possibly Villanova.

Pittsburgh has defeats by Oklahoma and West Virginia on the wrong side. Syracuse has dropped two, one to Bowling Field and the other to No. 1 ranked Michigan State. Holy Cross has lost only to Syracuse but has not played an impressive schedule. Villanova definitely was in running until smothered 42-6 last week by Tulsa.

## 19 Women Bowlers At Weekly Session

Mrs. Walter Coil took the honors in the weekly women's bowling Wednesday at Bowland when she amassed a total of 556, including the handicap, for three games.

Mrs. H. L. (Bud) Schlue, who chalked up 504 with handicap, rolled her best-ever game to take second place for the session and Mrs. Byron Hinton was third.

Mrs. Willis Coffman also turned in her best-ever game when she got 502 with handicap.

There were 19 women out for this week's meeting. For the most part they were those who had started their get-togethers in sports last summer on the golf course and at the luncheon tables at the Country Club.

Tony Capuana, the golf pro in the summer and bowling coordinator in the winter, has been the guiding hand in the recreation movement for this group. They have no regular teams and no league.

Scores in Wednesday's bowling were:

Mrs. Willis Coffman 502; Mrs. Scott Harner 498; Mrs. William Hastings 482; Mrs. William Wilson 473; Mrs. Wayne Shobe 491.

Mrs. Dwight Coffman 447; Mrs. Paul Dougherty 472; Mrs. Joseph Herbert 497; Mrs. Ray French 465; Mrs. J. E. Dabe 484.

Mrs. Clare Louise Boren 434; Mrs. William Wead 480; Mrs. Paul Pennington 496; Mrs. Dick Davis 438.

Mrs. Robert Dempsey 454; Mrs. Walter Coil 556; Mrs. Bud Schlue 504; Mrs. Bradley Johnson 419; Mrs. Byron Hinton 480.

## Lion Captain Of Last Year On Navy Team

Dale Orihood, last year's captain and center of Washington C. H. High School's unbeaten and once tied Lion team, has been in full football regalia again this year—but in the uniform of the Naval Training Center at San Diego, Calif.

Dale Orihood

He played his old position with the tough NTC outfit and saw plenty of action as it won seven of its eight games and the Beach League championship. Among the NTC team's vanquished victims was the champion of the Neptune League of the eleventh naval district.

As an award for outstanding play, 12 of the squad's 25 members were presented individual trophies. Dale was one of the 12 thus rewarded. Members of the team also were presented warm-up jackets.

Next year, Dale has written his parents, Mr. and Mrs. Edward Orihood, 420 North Fayette Street, he hopes to play on the NTC Blujackets team, rated as one of the top service teams.

TWO OTHER FORMER WHS Lions have played on service teams whose home base was San Diego.

Gene Sagar, captain and full-back of the Lions in 1948, played at halfback and end with the Pacific submarine fleet team last year. For two years after his graduation from WHS he played on the Miami University squad before he enlisted in the navy in his sophomore year at College. He passed up football this season for the first time in seven years when he was in the navy's electronics school at Treasure Island in San Francisco Bay. He is here now on a 30-day leave.

Marvin Merritt, one of the outstanding linemen in WHS history, was the center and linebacker before he went into the Marine Corps about four years ago. In the service, he made the rugged San Diego Marines team his first year and be-

## Pennsy End Leads Pass-Catchers

NEW YORK, Nov. 13 — (P)—Joe McClaren, a six-foot, one-inch junior from Erie, Pa., leads the nation's major college football players in passes caught.

Figures released by the National Collegiate Athletic Bureau reveal McClaren is virtually a one-man offense on the Drake team. He has snatched 42 passes from the team's tossers, which is just half the completed passes of the eleven. In addition, he has accounted for 57.6 per cent of Drake's aerial yardage.

## 40-Point Half Plan Offered

NEW ORLEANS, Nov. 13 — (P)—Cliff Wells, basketball coach of Tulane University, plans to introduce before the National Basketball Rules Committee a radical innovation for the collegiate sport.

Wells proposes to base halves on points rather than minutes. He would end the first half when one team has scored 40 points and the second half when one team has scored 80. He contends:

"The idea will speed up the game, eliminate stalling tactics and increase appeal for spectator."

## Best Hanover Draft Offered At Harrisburg

HARRISBURG, Pa., Nov. 13 — (P)—The third and best draft of Hanover Shoe Farms yearlings went under the auctioneer's hammer today at the 14th annual standard-bale sale.

The Pennsylvania nursery consigned 40 trotting and pacing youngsters, the last of 101 originally listed. They alone were being sufficient to send the week's total sales soaring past the \$1 million mark for the sixth straight year.

Yearlings from the Meadowlands Farms, Meadow Lands, Pa., and from Hanover Farm, helped boost the Wednesday total.

The two tops, for the day and for the week, came from the Meadowlands consignment, both sons of the farm's premier stallion, Adios.

Meadow Gold, a full brother to the fleet Meadow Rice, brought \$30,000 to the final bid of W. G. Reynolds, Louisville sportsman who also owns Meadow Rice.

Meadow Pace, half brother to Tar Heel, was sold for \$25,000 to Sol Camp of Shafter, Calif.

"IT'S SO EASY TO PLACE A WANT AD."

## Illinois Pass Ace Nearing Big 10 Mark

CHICAGO, Nov. 13 — (P)—Illinois' Tommy O'Connell, who is shattering the Big Ten's passing records, can also set a new mark for total offense.

Among the aerial records he has yet to beat are number of attempts and yards gained. He has tried 137 passes and has two games to go to beat the mark of 146 by Wisconsin's Johnny Coatta last year. O'Connell also has 78 completions, beating Coatta's mark of 76, and has gained 884 yards.

O'Connell is passing for so many yards he threatens the total offense mark—based on passing and running—of 1,079 set by Minnesota's Paul Giel last year.

If he maintains his current average against Ohio State Saturday and in the last game Nov. 22 with Northwestern, O'Connell easily

should add 234 more passing yards and thus break Giel's mark.

COLUMBUS, Nov. 13 — (P)—Coach Woody Hayes says if his Buckeyes can intercept one Illinois pass for every four completions, the Ohio State footballers will fare well Saturday.

The squad made many "interceptions" Wednesday during a two hour workout. Senior Bill Peterson

impersonated the Illini's ace passer, Tommy O'Connell, and the squad went through Illinois' known pass plays.

WORK FINISHED  
HILLSBORO — The Fischer Construction Co. of Cincinnati, builders of the Rocky Fork dam, have finished their work and are now removing equipment.

**We Want?**

The Berry Seed Company will  
open a retail store in this area and  
seeks a fully-qualified local-area  
man as Manager.

This man must be of good moral  
character, experienced in retail  
selling, with a farm background or  
its equivalent in education or  
experience. He must have proven  
ability to deal with people in a  
friendly and able manner. He must  
know farm problems and be able  
to offer helpful assistance. He must  
be able to absorb merchandising  
training and apply it well.

This man will have the full  
backing of a well and favorably  
known organization. He will have  
an exceptional opportunity to pro-  
gress financially and to assume  
community leadership. Compensation  
combines good monthly salary  
plus a percentage of annual store  
profits.

If you are between 25 and 45 and  
can fully qualify, write now to C.  
A. Graham, Berry Seed Company,  
Clarinda, Iowa, enclosing a snap-  
shot. A personal interview will  
be quickly arranged.

## REAL ESTATE

### Houses For Sale

FOR SALE—Two year old house, 5 rooms, bath and utility room. Gas furnace. Phone Bloomingburg, 7724.

FOR SALE—Six rooms, bath, gas heat. Good condition, two blocks from Central School, immediate possession. Reasonable. Phone 7441.

FOUR ROOMS AND BATH, breeze-way and garage on a large corner lot. Located in Jeffersonville, \$5,800, phone Jeffersonville 66756.

### ONE FLOOR PLAN

Here's a low cost, just \$6500, five room, one floor plan home with bath that will make you a nice home. On large corner lot in good location. Has plenty of storage space, storm doors and windows. Immediate possession.

### LOTS OF LIVING

This is one of the finer old homes in town that will provide a lot of living enjoyment for the larger family. In the very best location with spacious yard and many trees. Modern house has large basement and gas furnace, three or four bedrooms, and is in excellent repair. Three car garage and storage shed. See this lovely home now!

**O. A. Wikle**  
Realtor  
Tom Mark, Salesman

Five Room Semi-modern. 3 rooms and bath down. 2 bedrooms up. Good location. \$5,500.

Six Room Semi-Modern. 3 large rooms down. 3 rooms and bath up. Extra lot. Located in Mt. Sterling. Price only \$5,250.

Five Room Modern Home. New, all nice size rooms. Forced air gas furnace. Very good location.

Eight Room Modern Home. Beautiful location. Plenty of yard room to build another house. 3 car garage, would make lovely duplex.

Four room modern home in Bloomingburg. You could not build this for the asking price. Check with us for more information regarding the above.

### DAILY CRYPTOQUOTE—Here's how to work it:

AXYDLBAAXR  
is LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

### A Cryptogram Quotation

DSM ELW DSDL AMLVMS, GIVF, DI  
FIJND, RW DSDL AMLV FIJNDMS  
DSMM—ELUFIWLGf.

Yesterday's Cryptoquote: LITERATURE—THE MOST SEDUCTIVE, THE MOST DECEIVING, THE MOST DANGEROUS OF PROFESSIONS—MORLEY.

Distributed by King Features Syndicate

The beginning, containing 11,351 square feet of land and being a part of Survey No. 757.

The prayer of said petition is that the title to the within described real estate be quieted and for other equitable relief. Said defendants are required to answer said petition on or before the 12th day of January, 1953, or judgment will be taken against them.
